PREFACE

Owing to the decision of the Board of Governors to omit the issuance of the usual fall copy of the Record last fall the appendix to the 1913 Pocket Directory, which it was intended to issue and distribute as of October 1st, 1914, was not gotten out.

The original plan for the free distribution of this Directory called for its publication every two years on October 1st, with the issuance of an appendix on October 1st of the intermediate year.

To save the cost of distribution, it was further planned to send out the appendix along with the fall copy of the Record, but the unusual present day conditions did not seem to warrant sending out the appendix separately last fall. Consequently, we are within six months of the time for issuing the new Directory itself, and so only a very simple appendix is now gotten out. It contains the known address changes, deaths, names of the additional members with unknown addresses and the names of the new members taken in between the period from October 1st, 1913, to March 1st, 1915.

The new Directory to be published next October will contain a number of improvements over the first one, a notable change being the listing of our members by professions. Blanks for the purpose of securing the needed data will be sent out this summer. To make this Directory of general value, the co-operation of the members of the Fraternity is absolutely essential. Please, therefore, communicate promptly any change in your own address, from time to time, and such information regarding other members which may come to your notice, will be much appreciated.
